EDITORIAL BOARD

EDITOR-IN-CHIEF: **Maciej Sablik (Poland)**

EDITORS: **Roman Ger (Poland)**  
**Moshe Goldberg (Israel)**  
**Michael C. Mackey (Canada)**  
**Jean Mawhin (Belgium)**  
**Zsolt Páles (Hungary)**  
**Ludwig Reich (Austria)**  
**Łukasz Stettner (Poland)**

MANAGING EDITOR: **Justyna Sikorska (Poland)**

The electronic version of the volume will be available online six months after publishing the printed version on the page:

Silesian Digital Library  
**[www.sbc.org.pl](http://www.sbc.org.pl)**

## Contents

JEAN MAWHIN: Functional analysis and nonlinear boundary value problems: the legacy of Andrzej Lasota .....	7
ŁUKASZ STETTNER: Ergodicity of filtering processes: the history of a mistake and attempts to correct it .....	39
AHMED ABOUELAZ, RADOUAN DAHER, MOHAMED EL HAMMA: On estimates for the Bessel transform .....	59
LUDWIK BYSZEWSKI: Existence and uniqueness of classical solution to Darboux problem together with nonlocal conditions .....	67
ROMAN GER: The alienation phenomenon and associative rational operations .....	75
JANUSZ MATKOWSKI: A remark on periodic entire functions .....	89
ANDRZEJ NOWAK: Characterization of Carathéodory functions .....	93
GERGELY PATAKI: On a generalized infimal convolution of set functions .....	99
Report of Meeting. The Thirteenth Katowice–Debrecen Winter Seminar on Functional Equations and Inequalities, Zakopane (Poland), January 30 – February 2, 2013 .....	107

## Information for Authors

Submission of a manuscript implies that the work described has not been published before, that it is not under consideration for publication elsewhere, and that it will not be published elsewhere unless it has been rejected by the editors of “*Annales Mathematicae Silesianae*”.

Manuscript should be written in English and sent either in hardcopy by regular mail, or electronically via e-mail. In the first case Authors are asked to send their papers in duplicate to the Editorial Office: Instytut Matematyki, Uniwersytet Śląski, Bankowa 14, 40-007 Katowice, Poland, and in the latter case – to send a pdf file as an e-mail attachment to: [annales@math.us.edu.pl](mailto:annales@math.us.edu.pl)

An abstract of not more than 15 lines should describe the main results of the paper. Included into the footnotes of the first page should be the Mathematics Subject Classification (2010). Key words and phrases should follow. It is necessary to indicate an abbreviated title which will be used as a running head (up to 60 characters including spaces). Figures should be prepared in a form suitable for direct reproduction. Sending EPS or PNG files will be most helpful. References should be numbered and arranged in alphabetical order, or in the case of the same author, chronologically. The style and abbreviations should follow the “*Mathematical Reviews*”.

Authors affiliations, including complete postal address and e-mail addresses, should be given at the end of the manuscript.

On acceptance of the paper Authors will be asked to send the final version of the paper as the  $\LaTeX$  and pdf files to the address: [annales@math.us.edu.pl](mailto:annales@math.us.edu.pl)

Copies of all manuscripts should be retained by the Authors. In case of several coauthors indicate one author as the corresponding author. The Author will obtain one set of proofs for corrections after acceptance of the manuscript.

After publishing of the volume all the papers will be available online on the pages of the Silesian Digital Library [www.sbc.org.pl](http://www.sbc.org.pl). Moreover, all the indices of “*Annales Mathematicae Silesianae*” and some more information on our journal are accessible on the homepage:
